

NIMBUS ASSEMBLY GUIDE

**ELECTRIC
FIREFLY**
DESIGN & CREATION

ALSO ON VIDEO AT: www.electricfirefly.com.au

1.

Each piece faces the same way up.

2.

Hook the 2 corners together as shown

The pieces will cross each other in the middle

3.

Each piece joins the same way.
They'll stay in place when attached properly

a.

b.

c.

d.

e.

f.

Make sure the tails form a spiral in the centre

If one of the pieces is not in the spiral then it's in the wrong place

4.

If you are using the table lamp fitting, make sure that the wire frame is attached.

a.

b.

c.

d.

e.

Make sure that the cable sits in the centre of the spiral

If you are hanging your shade from a pendant, you don't need the frame.
